

# Possible Components of REDD Service

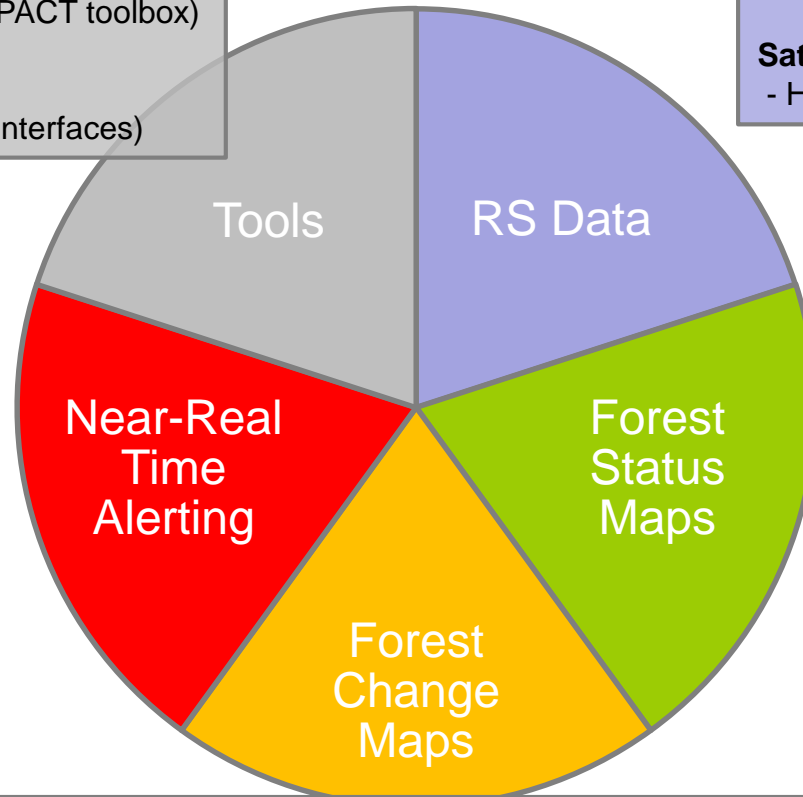

**Analysis tools**  
(e.g. CarBEF module of JRC IMPACT toolbox)

**Reporting / statistical tools**  
(e.g. GFW or OpenFORIS web interfaces)

**Mosaics / Composites**  
- Sentinel 1  
- Sentinel 2

**Satellite data**  
- HRS data (<1m)

**Forest disturbance warning**  
**Active fire warning**

**Forest / Non-forest maps**  
**Forest type maps**  
**Forest canopy density maps**  
**Biomass maps**  
(e.g. from P-band BIOMASS)

**Forest / Non-forest change maps**      **Forest regrowth maps**  
**Land use / cover change maps**      **Burnt scars maps**  
**Canopy disturbance (degradation) maps**      **Biomass change maps**
